EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kenneth Springer on 25 June 2004.

The application has been amended as follows:

Amend claim 22 to read:

22. A system for sensing a wavefront of light passed through an optically transmissive device, comprising:

a light source disposed on a first side of an optically transmissive device;

a wavefront sensor disposed on a second side of an optically transmissive device;

a relay imaging system disposed between the optically transmissive device and the wavefront sensor; [and]

means for adjusting a distance between the light source and the optically transmissive device[.]; and

means for determining an optical characteristic of the optically transmissive device in response to an output from the wavefront sensor.

Art Unit: 3737

2. The following is an examiner's statement of reasons for allowance: The prior art does not anticipate or render obvious the limitations of a light source disposed on one side of an optically transmissive device, a wavefront sensor on the other side, a relay imaging system between the optically transmissive device and the wavefront sensor, and a means for adjusting the distance between the light source and the device, where an optical characteristic of the device is determined by a determining means in response to an output from the wavefront sensor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John R. Sanders whose telephone number is (703) 305-4974. The examiner can normally be reached on M-F 8:30 am to 5:00 pm.
